At Indian Summer House, we embrace the Eastern philosophy of harmony and balance in everything we do—from morning yoga and Ayurvedic treatments to the nourishing meals we serve.

Surrounded by lush gardens and private villas, you'll find a serene space to paint, reflect, and immerse yourself in creativity. Whether you seek quiet solitude or inspiring views, there's always a perfect corner waiting for your easel.

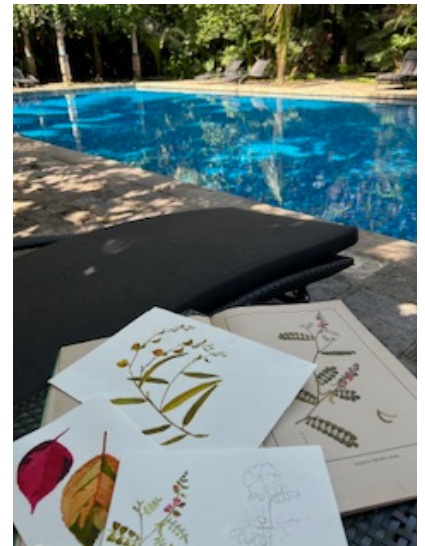

Bring your brushes, ideas, or unfinished pieces. Our art tutor offers workshops, one-on-one sessions, and hands-on exercises to help you refine your technique, develop your style, and stay inspired long after the retreat.

Evenings are for connection—gather by the pool or under the coconut lounge fans to share your work, exchange feedback, and connect with fellow artists in a warm, supportive setting.

About the Tutor - Jen

Art and design has been a passion of mine ever since childhood. I love seeing people of all ages explore their creative side and relax through the meditative nature of art.
